I have over 30+ years of software development experience gained in the financial services industry and I have used this experience over the past 3 years helping the mosque setup the online booking system prayerslots to help the mosque manage the attendance for prayers during Covid.

I have been coming to the mosque for over 15 years and I have had the pleasure helping the mosque when mosque has needed my assistance.

I am looking forward to continuing to help the mosque with moving the current offline membership process to move online and become easy to manage the members applications and subscriptions and help the mosque get free Cloud Credits to help with Cloud services for free.
