For Nomination to the Management Committee/Board of Trustees (delete as appropriate)

Please explain why you wish to be nominated and what **skills and experiences** you will bring into the Management Committee/Board of Trustees. Do not make comments on previous office holders. This section will be made public.

Born and raised in Kingston, the masjid has been a consistent part of my life since a young age. My father was a committee member shortly after it was established and my siblings and I learnt our salah and Quran there, every day after school. I have seen the masjid expand and develop over the years and have been privileged to have actively participated in its renovations and expansion. I would be honoured for the opportunity to serve as a board member, to give back to the community and to strive in the cause of Allah SWT.

I was educated at Tiffin Boys School before going on to study medicine at University College London and completing my postgraduate training in Radiology at Addenbrookes Hospital, Cambridge. I have been a Consultant Radiologist at London North West University Healthcare NHS Trust for 16 years, ten of those years as Clinical Director.

This position involved managing the staff and service across 4 hospital sites with responsibility for the daily operational issues and long term strategic development. I chaired several committees and worked with a diversity of staff groups to ensure the Trust goals were achieved. I gained experience in all aspects of governance including complaint and conflict resolution, audit and risk management, incident investigation, performance management and appraisals. The role required multitasking, diplomacy, problem solving, delegation, oversight, decision making and leadership abilities.

If elected, I will strive to promote Islam and to maintain and develop services at the masjid for the benefit of the community. I will take an inclusive and transparent approach to ensure all members feel involved and united behind a common shared vision for the KMA.
