My name is Nadeem Goodur. By background I am an operational manager working in the healthcare sector with specialist expertise in leading teams and services through complex change and quality improvement.

I have lived and attended Kingston mosque for over 10 years and I have been part of the KMA management committee in the past when I had the opportunity to lead on and work on numerous community events and projects (Muslims Give Blood campaign, Gaza fundraising event, Family Fun Days, Educational Conferences, Youth projects). Through my previous experience, my skill set, as well as having a deep understanding of the needs of the KMA community, I hope to, Insha Allah, in collaboration with the community, enable the much needed transformation initiatives for the KMA. If given the opportunity, my priorities will be:

1. to ensure robust governance including processes and systems are designed and implemented to undertake operations of the mosque.
2. Service provision for the youth.
3. Service provision for the elderly and those vulnerable with additional needs so that access to the mosque is improved.
4. Islamic Education and development opportunities for the whole community.
5. Build strong and positive sustainable relationships with the community members, imams and our partners as well as neighbours.
6. Create and build a culture of inclusivity, transparency, kindness and openness to provide a wholesome environment to those using the mosque and its services.
